MEMORANDUM FOR: Chief, Military and Economic Area, CIA/ORR
Chief, DIAAP-1CIA

ATTENTION: [REDACTED] CIA/ORR 25X1A
DIAAP

SUBJECT: Soviet Ground Forces and Logistical Installations,
Kiyev Military District, USSR

REFERENCE: (a) Requirement, "Supplement 2 to C-RR4-81,614"
(b) NPIC Project N-799-64

1. In response to reference (a), NPIC/PAG was requested to search the area of Kiyev Military District to identify and prepare reports on Soviet Ground Forces and logistical installations. Seventy-four (74) reports will be published containing information on one or more installations.

2. Poor quality, small scale of available photography and location of installations within urban areas precluded interpretation of the nineteen (19) targets listed in Annex A.

3. Photo analysis using good quality photography enables negations of the twenty-eight (28) targets listed in Annex B. Targets listed in the DIA "AL" and "TA" lists or annotated on the USATC series 200 charts were studied for negation.

4. Fifty-six installations, additionally, were reviewed. Some of these installations were included as a portion of a report containing information on two or more installations and the others were confirmed not to be a Soviet Ground Force installation and outside the scope of this requirement.

Declass Review by NIMA/DOD
